

# RUGGED Si92

**A 100% SILICONE COATING  
THAT WITHSTANDS IT ALL.  
ON-DEMAND.**

Rugged Si92 is a high-integrity, high-solids liquid applied membrane engineered to withstand even the toughest of conditions for up to 20 years.

**RUGGED** COATINGS

**THE RUGGED Si92 FORMULA IS 94% SOLIDS, MEANING YOU LOSE FAR LESS PRODUCT TO EVAPORATION THAN WATER- AND SOLVENT-BASED COVERINGS. RUGGED Si92 IS INCREDIBLY ADHESIVE, STICKING TO EVEN THE MOST DIFFICULT OF SURFACES, EVEN THOSE LIKE BUR, TPO SINGLE-PLY ROOFING, METAL, AND SPF ROOF SYSTEMS. IT CAN BE APPLIED VIA SPRAY, BRUSH, OR ROLLER.**

- Single-component, moisture-cured
- One coat application
- Excellent resistance to weathering, UV exposure, and water intrusion
- Mold and mildew resistant
- Water resistant upon application
- Customization options available upon request

## **GUARANTEES AND WARRANTIES**

We guarantee through our certified contractors that your product is applied according to spec. We also guarantee to our contractors that your job won't go south.

We also offer a variety of warranty options! Give us a call today to speak with our team about available warranties.
